Copy available for inspection from the Clerk

7. Public Participation: Questions and Future Priorities

Multiuser path along the Canal Wildlife Area; comments made by public

- It would provide a safer route than a road, especially for children
- Negative views exist between cyclists and residents in the village
- Kendal Cycle Club would be willing to start dialogue with Sedgwick Parish Council and it was noted that not all cyclists that use the village are from the club
- Access for children/disabled, family leisure is made difficult by the gates along the canal
- Riverside is a better route for cyclists than the middle of the village and there is no conflict between users along that route
- Consideration of which surface is chosen is important especially through pastures so that cycle tyres do not erode the surface.
- Safety problems on Back Lane where the footpath crosses the road was flagged up: PC replied this has been raised with CC Highways and action is pending
- There is a need for younger children to have access to safe cycling and walking
- Responses regarding the proposed path have been collated with 28 opposing the proposal and 5 supporting it.

BARN- non-for-profit community lead broadband; comments made by public

- A resident agreed to be the volunteer point of contact for the village, looking into networking with Crosscrake/Stainton. PC welcomed this progress and offered support to publicise via website/newsletters.
More volunteers will be required to progress the project further.

Future Priorities

- Covid-19 recovery - resumption of face to face meetings and reopening of adult gym equipment
- Safer Roads/pavements initiatives
- Woodland Management in the Canal Wildlife Area
- Highway Maintenance
- Local Government Reorganisation
- Climate Change/darker skies initiative/ nature recovery

The Chairperson conveyed thanks to everyone for attending the meeting

Meeting closed at 9 pm

Signed : (Chairman)
Date : 16th March 2022
